

LUCY WICKS MP

Federal Member for Robertson

MEDIA RELEASE

10 February 2014

Delivering a Commonwealth Agency for Gosford

Gosford CBD will be the location of a Commonwealth Agency within the first term of the Coalition Government, under a plan confirmed by Federal MP for Robertson Lucy Wicks.

The Agency, or part thereof, will potentially provide up to 300 new jobs, as part of the Coalition's Growth Plan for the Central Coast.

Mrs Wicks has affirmed the plan on the Gosford waterfront, on the eve of Federal Parliament sitting for the first time this year.

"The future development of Gosford is vital to providing new jobs and infrastructure for the Central Coast. Listening to businesses across my electorate, this could become the boost to investment, services and economic activity that our electorate needs," Mrs Wicks said.

"It will elevate the Central Coast's position as a potential hub for the provision of government and non-government services."

"In our first six months, the Coalition has already delivered \$10.5 million worth of promises for the Robertson electorate. Providing a Commonwealth agency as a tenant in Gosford is one of the commitments at the top of my agenda," Mrs Wicks said.

The announcement was made alongside NSW Planning and Infrastructure Minister Brad Hazzard and State Member for Gosford Chris Holstein.

Mrs Wicks has backed the State Coalition's plan to revitalise the Gosford waterfront, with new dining, shopping and apartments attracting up to two-thousand new jobs.

"One of the great things we are seeing now is an example of how State, Federal and Local governments are all working together for Gosford," Mrs Wicks said.

"I am passionate about making sure the Central Coast is not only the best place in the world to live but also to work."
